BOSTON offers simple, pure forms with linear lines in oak with creamy finish. Of all the aspects of wood furniture, the finish most visibly reflects its character, quality and style. While the finish is one of the last things we do, it's the first thing you see. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes "feel" as good as they look, with a smoothness that is delightful to the touch.

# Life- Noble

It abandoned cold and hard metal material and fancied the solid wood with warm and fine feeling and well as the thick and steady texture. It seems to be more fragrant and beautiful as time goes by.
